

Welcome to:

New Orleans District
Louisiana Coastal Protection Restoration Project

Engage coastal LA stakeholders to seek input on existing plans

Overview preliminary and final technical report development processes

Seek coastal LA stakeholder input on alternative/additional protection plans

Identify consensus-based coastal protection preferences for plan development

Workshop Goals

2/13

AM: Presentation/Overview of Plan Alternatives

PM: Team Input & Idea Generation/Facilitated Discussion

2/14

AM: Discussion on Assumptions & Criteria

A closer look at plan segments

PM: Integration and Initial Preferences

Rating the Alternatives

Agenda

We need your input

Our focus: consensus-based recommendations

Today is a start: we'll be identifying preferences...not creating the final plans today

We won't agree on everything *But let's strive to disagree without being disagreeable*

There will be future opportunities for input and plan revisions

Minority opinions will be captured

Ground Rules

Opening Remarks: Col Wagenaar (Corps)

Introduction to the Project: Edmond Russo (ERDC)

Description of Cat 5 Threat: Vann Stutts (MVN)

Lines of Defense Strategy: John Lopez (LPBF)

Framework for Planning the Future of Coastal LA: Denise Reed

An Alternative Alignment and Coastal Features: Bruce Baird (MVN)

A Proposed Cat 5 Alignment: Ivor Van Heerdan (LSU)

A Coastal Starting Point (TBD)
